FALKOR

## All your intelligence

Your AI-powered hub for faster, smarter investigations.

Simple setup, immediate results.

All your data, in one place, automatically. No matter the source or format, Falkor pulls it together and maps out the key entities and connections for you.

Make sense of complex data with a our AI assistant. Transform your findings into meaningful analysis and clear, shareable reports.
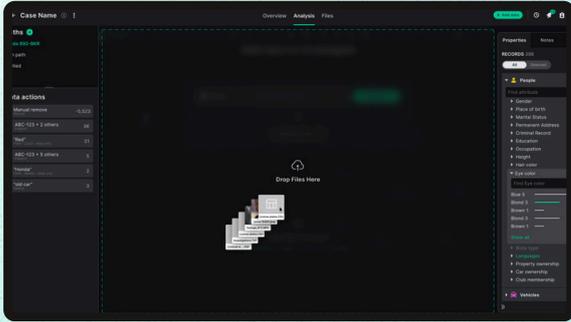

Boost discovery with a complete OSINT toolkit. Tap into open, deep, and specialized sources, from global platforms to local registries and region-specific feeds.

Equip your team with an intuitive, all-in-one investigation platform. Built for collaboration, so everyone stays aligned and in control.
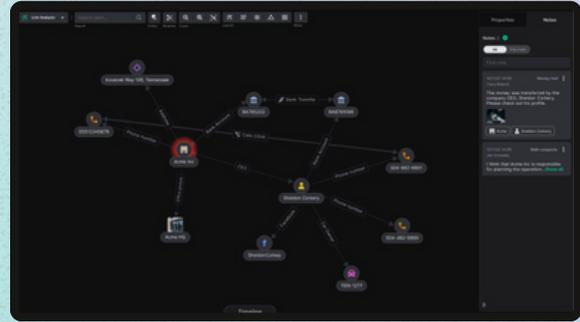

Falkor for Public Safety
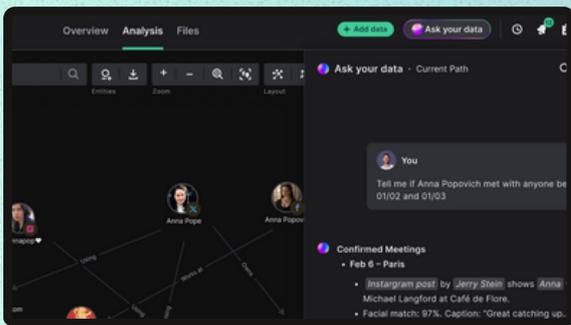

Illuminate insights, connect the dots, and act faster.

Connect everything

Seamlessly integrate **any data.** Analyze documents, media, people, and more, from internal and external sources.

Enrich and supercharge

Enrich your data with new identifiers, associated online accounts, posts, and more with our **OSINT packages.**

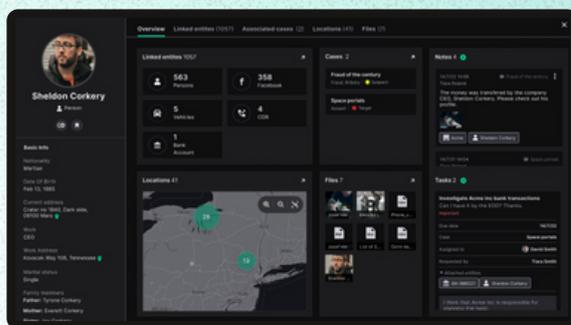

Surface what matters

Use AI alongside human analysis to explore complex datasets, uncover hidden connections, and **surface insights** beyond what manual review can catch.

Predict and react

Identify **threats, hotspots, and behavioral patterns** early. Instantly turn insights into shareable, structured **reports** for rapid action.

Join forces

Work securely **across teams**, units, and agencies with granular permissions and **real-time collaboration** tools.
